

MENSA

— A Golden Project undertaken by Chinese Leather Association

Overview

The Chinese Leather Association(CLA), represents the interests of leather material business of more than thirty countries. Founded in 2002 as a non-political organization, it engages in the maintenance, development and promotion of the international leather goods business. CLA assists manufacturers in trading. We work out guidelines and give advices on production, grading and marketing to promote reliability and understanding all around the world.

MENSA first-class office leasing is the project now undertaken by CLA. MENSA leather center, located in the center of Canton’s most concentrated leather goods area, China, is the largest provider of workplace solutions in leather industry. In MENSA you can find the widest range of office leasing

and the most professional services. With the advanced technology and equipments, MENSA is the most suitable platform for business development.

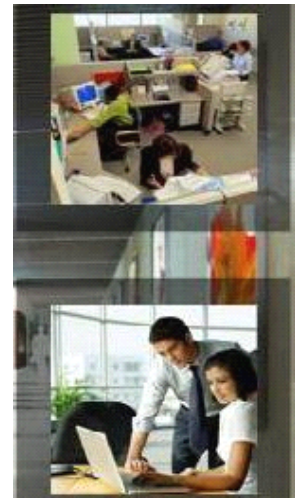

We convince you a bright future if your enterprises lease offices or use our business center services in MENSA leather center as the branch offices in South China, mention that China has great potential.
